

PROTECT WENTWORTH VALLEY INFORMATION SESSION

We are a committee made up of residents from the communities of Westchester, Wentworth, Folly Lake, Folly Mountain, and supporters from Londonderry, Sutherland Lake, Hart Lake, and surrounding communities who are keenly interested in the activity of an international industrial wind development consortium as they bring forward a development proposal on Higgins Mountain, running along the ridge west of Highway 4 from the top of Folly Mountain down into Wentworth Valley.

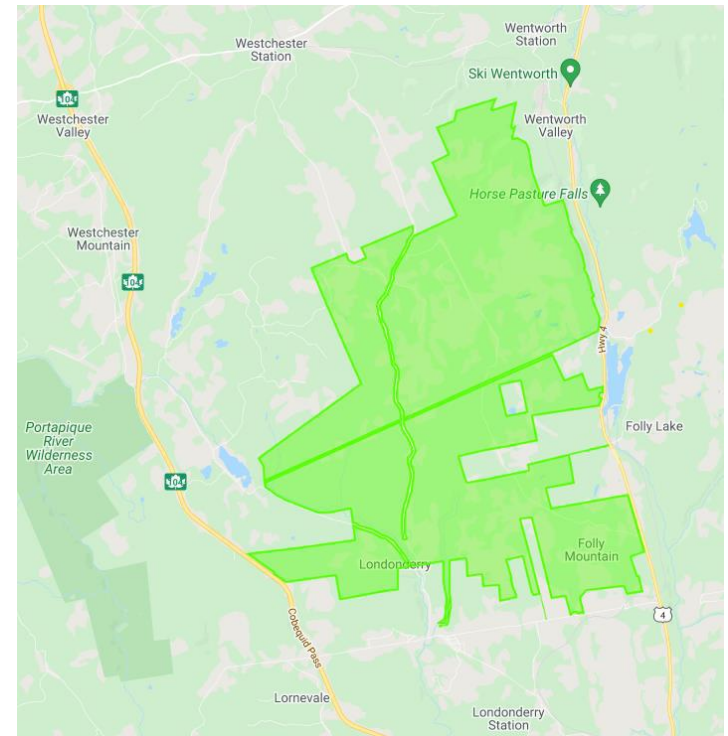

We are hosting an information session to increase awareness and invite all who are interested to attend.
